

FLU LEAVE OPTIONS

As the college enters the flu season, supervisors and chairs are reminded of the leave flexibilities available for the campus community. The college asks that supervisors help ensure that faculty and staff are familiar with their leave options.

Skidmore College offers numerous leave programs, policies, and other paid time off flexibilities to assist employees prevented from reporting for work and performing their duties because of illness caused by the flu or if an employee is caring for a family member who is affected by the flu. Specific policy information is listed below. Supervisors and employees may consult with Human Resources' staff for policy guidance on the appropriate use of each program and policy.

FACULTY	ADMINISTRATIVE (Exempt Staff)	SUPPORT STAFF (Non-Exempt Staff)	UNION

Below is summary information on some of the leave options for your reference. Please read the resources listed for more detailed information.

SICK LEAVE – Non-Union Administrative/Professional (Exempt) and Support Staff (Non-Exempt) Employees

If it is necessary for an Employee to be absent from work for one day or up to five consecutive days due to illness or injury (their own or a family member living in their household), they are eligible to receive full paid sick leave benefits. Employees must notify their Supervisor of the illness or injury as soon as possible in advance of their scheduled workday. Except during hospitalization or lengthy convalescence, Employees should inform their Supervisor daily of their progress and expected date of return to work.

The College reserves the right to require any staff member who is absent to provide a physician's note confirming the staff member was ill. For instance, patterns of absence that indicate abuse of the sick leave policy can be reason for requiring a medical certification and/or taking disciplinary action. **(NOTE: As a supervisor you must have HR approval before requiring any medical certification as all medical certifications will come to HR only)**

ABSENCE LEAVE – Union Employees

Union employees would also be eligible to receive full paid leave benefits for up to five consecutive lost days due to their own illness through paid leave outlined in their bargaining unit agreements. Employees should notify their supervisor of their illness as soon as possible in advance of their scheduled workday and keep their Supervisor apprised of their progress and expected date of return to work.
